

## **To All Agility Clubs**

### **AGILITY FIXTURE LEVIES**

#### **Changes Effective 1<sup>st</sup> January 2009**

Levies payable on agility fixtures are currently paid to the NZKC Central Office (on a *per dog* basis) and to the NZKC Agility Committee (on a *per entry* basis). As advertised in the December/January NZ Dog World, from 1<sup>st</sup> January 2009, these two levies will be combined into one levy (on a per entry basis) to streamline the process and to make it easier for clubs to administer.

The initial combined levy will be set at \$0.62 per entry payable prior to the date of the fixture. This figure was calculated so that the amount of levies paid under the new structure will be equivalent to the combined amount of levies paid under the old structure.

All payments are to be made to the NZKC Agility Committee who will be taking responsibility for the collection of these levies. Agility Fixture Levies will be payable on all championship agility fixture events including Jumpers classes and all AD/ADX Advanced Trials.

This change to the way agility levy payments are will take effect for all agility fixtures held on or after 1<sup>st</sup> January 2009. Levies for agility fixtures before this date are to be paid under the existing arrangements ie Separate levies for the Agility Committee and NZKC. Attached is a copy of the new levies form..

Regards

Allan Rohde  
Treasurer  
NZKC Agility Committee
